

Certificate Course on Emerging Quantum Technologies

Program Overview

This 3-month certificate course blends foundational theory with expert-led demonstrations in modern quantum technologies.

Theory courses delivered by faculty from the centre.

Demonstration sessions led by CADFEM / Ansys experts.

Suitable for engineering and science undergraduates.

Course Details

Subjects :

01

Introduction to Quantum Technologies

02

Introduction to Nanophotonics and Quantum Photonics

Duration
3 months

Modes
Course offered in both offline and online modes

Fees
Rs. 2500 (CHRIST participants),
Rs. 5900(external, including GST)

Eligibility
Participants must have completed first year of BTech or BSc

Start Date

6th June 2026
