

CENTRE FOR QUANTUM TECHNOLOGIES AND COMPLEX SYSTEMS (CQTCS)

JOIN US IN SHAPING THE FUTURE OF QUANTUM SCIENCE AND TECHNOLOGIES

CQTCS is a newly established first Academic Research Centre at CHRIST University, dedicated to advancing fundamental and applied research in:

Photonics

Quantum Technologies

Quantum Condensed Matter Physics

Quantum Fluids

Semiconductor Technologies

WE ARE HIRING

ASSISTANT PROFESSOR (GROUP LEADER)

ELIGIBILITY CRITERIA

- Ph.D. in a relevant field.
- Strong research credentials with high-quality publications and a clear commitment to teaching excellence.
- Minimum three years of postdoctoral/industrial experience with at least five Q1 journal publications relevant to the proposed research domain. Review articles are not counted unless published in top journals of the specific field.

APPLICATION INSTRUCTIONS

Online Application Details:

- Subject: Quantum Technologies and Complex Systems
- Preferred Campus: Kengeri
- Post Applied For: Teaching

PREFERRED SPECIALIZATIONS

EXPERIMENTAL DOMAINS

- Superconducting Thin Films
- Superconducting Josephson Junctions
- Superconducting Qubits
- Quantum Condensed Matter
- Ultra-Cold Quantum Technologies

THEORETICAL DOMAINS

- Quantum Computing
- Quantum Networks
- Quantum Machine Learning
- Quantum Photonics
- Quantum Cryptography
- Quantum Communication
- Quantum Condensed Matter Physics
- Quantum Biology
- Quantum Chemistry

WHY JOIN CQTCS, CHRIST UNIVERSITY?

Competitive Compensation

Salary as per UGC norms.

Professional Development

Annual allowance for international conferences, training programs, and research collaborations.

Research Support & Funding

- Research seed grants for initial laboratory and group establishment.
- Support for Ph.D. scholars and Postdoctoral researchers.
- Assistance for patent filing, funded projects, and high-impact publications.

Innovation & Entrepreneurship

- Dedicated Technology Transfer Cell.
- Support for start-ups and spin-off companies.
- Opportunities for industry consultancy and collaborative projects.

APPLY NOW!

Complete the online application form:

<https://espro.christuniversity.in/Careers/>

Apply on or before 15 June 2026
